

QPIP Exam DEMO

Personal Dashboard

When you log in, you go to your personal Dashboard.

You can test your camera via this button or via the link in the dashboard menu (long before the exam starts). See page 2.

NOTE: this DEMO exam consists of a theory exam followed by a (search) case study, both held on the same day.

In order to avoid any confusion **YOUR exam will be as follows:**

Tuesday 23 February

1. Opposition/validity/novelty search case study
2. Patent infringement risk search case study

Thursday 25 February

3. General theory exam
4. Categorisation analysis case study
5. Patent landscaping theory exam
6. Patent landscaping analysis case study

Initially all parts of the exam have a grey button called "WAIT" to indicate that the exam has not yet started.

The screenshot shows the QPIP exam personal dashboard. At the top right, there is a notification: "ISBQPIP exam - DEMO theory exam will start in 11 minutes". Below this, a welcome message reads: "Dear candidate, welcome to this demonstration of the ISBQPIP exam." The main heading is "Hi, Firstname Lastname". A sidebar menu on the left includes "Dashboard", "Account", "Webcam test", and "Log out". A "TEST WEBCAM" button is located in a grey bar at the bottom of the dashboard. Below this bar is an "Exams" section with a list of exam parts. The first two parts are "ISBQPIP exam - DEMO theory exam" and "ISBQPIP exam - DEMO case study", both with "WAIT" buttons. The third part is "Finished" with a green checkmark and the text "Your exams will be marked".

ISBQPIP exam - DEMO theory exam will start in 11 minutes

Dear candidate, welcome to this demonstration of the ISBQPIP exam.

Hi, Firstname Lastname

QPIP exam demo timezone X (UTC/GMT+1)

This exam is set up to demonstrate how the exam interface works. For the purpose of the demonstration it consists of two parts: a theory part and a case study, which are both held on the same day. The exam overview of the real exam will show six parts spread over two days.

Each exam part has its own start and end time. Once an exam part is closed, you can't go back to it. Either you close the exam part by submitting their results, or the exam is closed automatically when the end time has been reached.

The grey WAIT button will turn into an orange PREPARE button about 10 minutes before the official start time of the exam part. By clicking on the orange PREPARE button, you can already take a photo of yourself and your identification. You will need to tick the check-box that you agree with the use of your webcam during the exam part.

Make sure your webcam is working during the exam.

- ISBQPIP exam - DEMO case study Case study WAIT
- Finished Your exams will be marked

Webcam test

In the webcam test, you can take as many photos as you like and test how you yourself as well as your identification is best visible. These photos are not submitted or saved anywhere.

If your identification is mirrored, use this button so that it does not appear backwards.

If the left picture under 'Webcam' turns black, for instance because your camera was disconnected, use the Refresh option of your browser.

Webcam test

You will be asked to take a picture of yourself and your identification at the beginning of each part of the exam. Beside the button TAKE A PICTURE will be a button CONTINUE to submit the photo shown under Preview. During the exam photos will be taken automatically at random intervals.

2021.02.14 17:30 (UTC/GMT+1), 01:00, 2 subject(s) **WAIT**

Finished
Your exams will be marked

Ten minutes before the start time of your exam part, the button for that exam part will become orange and will read as PREPARE.

Click on PREPARE to go to the next screen:

This shows how much time is left until the exam part will start.

After clicking on the PREPARE button, you must

1. take a picture of yourself and your identification using the red TAKE PICTURE button. Please make sure that your identification can be clearly read. You can keep clicking on TAKE PICTURE until you have a good photo.
2. you must tick the checkbox that you accept that your webcam is used for taking photos at this time and during the exam.

Once your photo is taken and the checkbox is ticked, click on CONTINUE (only then will the photo be submitted and saved)

If you forgot to accept the use of the webcam when clicking on CONTINUE, a warning will pop up

ISBQPIP exam - DEMO theory exam will start in 6 minutes

Answer all questions and watch the time. You can go back to review and/or change previous responses as long as there is still time or until you submit your answers.

START

When you participate in a theory exam part, you will see the first question after clicking on START.

At the top of the screen there is

1. a progress bar showing how far along you are in completing the questions
2. a timer showing how much time is left

The screenshot shows the PIP Examination interface. At the top left is the PIP logo and the word "Examination". A progress bar is located at the top center, showing a green segment on the left and a white segment on the right, with "1/4" at the end. At the top right is a circular timer showing "00:14:15" and the text "Time left". Below the progress bar is a notification box with a green checkmark and the text "Good luck with your exam part!". The main question is "How old is Queen Elisabeth of the UK?". Below the question is a horizontal line and the text "If you don't know, just guess". There are four radio button options: 96, 92, 90, and 94. At the bottom right is a red "NEXT" button.

When it is a multiple choice question, select what you think is the correct answer and click NEXT

The screenshot shows the PIP Examination interface. At the top left is the PIP logo and the word "Examination". A progress bar is located at the top center, showing a green segment on the left and a white segment on the right, with "1/4" at the end. NEXT

When you have clicked on NEXT after responding to the last question, you will see a confirmation screen that confirms that you have completed this part of the exam. You can still go back via PREVIOUS if the duration of the exam part has not ended. When you click on SUBMIT, your final answers are submitted to the examination platform.

The screenshot shows the top navigation bar with the QPIP logo, the word "Examination", a progress bar at 4/4, and a timer showing 00:06:25. The main content area displays "You have completed this exam part" with a sub-header. Below this, a message states: "You won't be able to edit your answers if you click on the submit button." A red "SUBMIT" button is prominently displayed. To the right is an illustration of a person celebrating with confetti. A "PREVIOUS" button is located at the bottom left of the content area.

There will be a final check to make sure that you want to SUBMIT

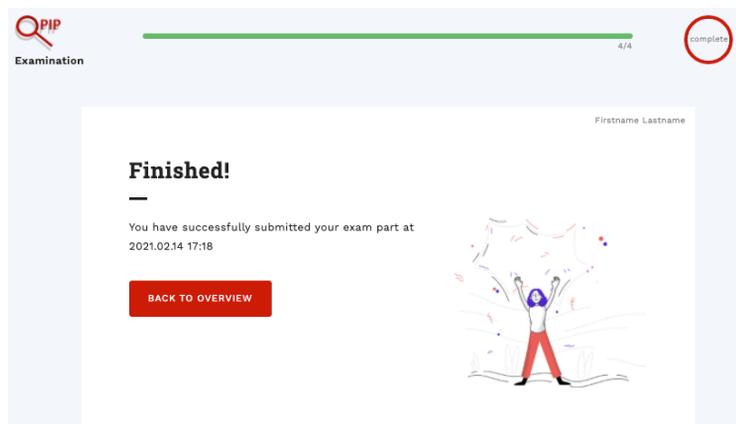

Warning

Are you sure you want to submit the theory exam?

NO

SUBMIT

When you click on SUBMIT, you are done. The results have been submitted, the session is closed (even if you had not used up all of the time yet). You can return to your dashboard to participate in the next part of the exam when this is available, by clicking on the BACK TO OVERVIEW button

The screenshot shows the top navigation bar with the QPIP logo, the word "Examination", a progress bar at 4/4, and a "complete" status indicator. The main content area displays "Finished!" with a sub-header. Below this, a message states: "You have successfully submitted your exam part at 2021.02.14 17:18". A red "BACK TO OVERVIEW" button is prominently displayed. To the right is an illustration of a person celebrating with confetti.

Next part of the Exam

The screenshot shows the PIP exam dashboard. At the top left is the PIP logo. On the right, there is a notification bell and a user profile icon labeled 'Firstname Lastname'. A notification bar at the top states: 'ISBQPIP exam - DEMO case study will start in 10 minutes'. Below this is a welcome message: 'Dear candidate, welcome to this demonstration of the ISBQPIP exam.' The main heading is 'Hi, Firstname Lastname'. Underneath, it says 'QPIP exam demo timezone X (UTC/GMT+1)'. The text explains that the exam is a demonstration consisting of a theory part and a case study. It also mentions that each part has its own start and end time and that a 'WAIT' button will turn into a 'PREPARE' button 10 minutes before the start. At the bottom of the main content area, there is a grey bar with the text 'Make sure your webcam is working during the exam.' and a red 'TEST WEBCAM' button. Below this is the 'Exams' section, which lists the exam parts: 'ISBQPIP exam - DEMO theory exam' (Theory) with a green 'DONE' button, and 'ISBQPIP exam - DEMO case study' (Case study) with an orange 'PREPARE' button. A 'Finished' status is also shown at the bottom.

Your dashboard shows that you have finished the first part. Ten minutes before the official start time of the second part, the corresponding button will appear orange and read: PARTICIPATE.

For each part of the exam you must take a photo of yourself and your identification.

DEMO Patent Infringement Risk SEARCH case study - engineering

[READ MORE](#)

Pain killer

DEMO Patent Infringement Risk SEARCH case study - chemistry

[READ MORE](#)

If the next part of the exam is a Search Case Study and the exam has officially started (gone LIVE), you will see something like this, with a choice of subjects (chemistry, biotech and engineering – for this demo only 2 subjects are shown)

You can get more details on each of the case studies by clicking on READ MORE.

You will be able to read a description of each of the case studies, and you can also DOWNLOAD all provided documents. You may print these documents if you like.

Note: in this example only a short description is shown, but the description may be several pages long. Then you should scroll down to see the documents available for download and to see the START button.

Before you can start working on the case study, you have to tick the checkbox “By starting this subject you can no longer select another subject” and then click START. You can also go back to read the other subjects by clicking on BACK.

[← BACK TO CASE STUDY](#)

DEMO Patent Infringement Risk SEARCH case study - engineering

Mouse trap in the shape of a cat

NOTE: THIS IS A DEMO CASE STUDY, NOT A CASE STUDY FROM THE REAL EXAM AND NOT BASED ON ANY CASE STUDY FROM THE REAL EXAM

Your client wants to produce a mouse trap in the shape of a cat. The cat is made of a polymeric material. The cat has its mouth open. There are two locations in which some mouse attractive material is deposited. One locations in the mouth of the cat, to lure the mouse into the device and make it feel confident. The second location is in the belly of the cat, where the mouse trapping device is located. When the mouse is inside the cat, the mouth of the cat is to closed via a mechanism triggered by the mouse. See the attached documents for drawings.

Your client wants to produce the device in The Netherlands and wants to sell the device in NL, BE, FR and DE.

Conduct a search to identify any potential patent infringement risks for your client (you don't have to search designs or trade marks)

INSTRUCTIONS (these are the same for each search case study)

Devise a search strategy and explain each choice that you make etc. etc.

For this question you will need to download these documents:

Name	Size	
Mouse Trap.docx	183.44 KB	DOWNLOAD

By starting this subject you can no longer select another subject. *

Pain killer

NOTE: THIS IS A DEMO CASE STUDY, NOT A CASE STUDY FROM THE REAL EXAM AND NOT BASED ON ANY CASE STUDY FROM THE REAL EXAM

Your company has developed a new pain killer in the form of pills, comprising a mixture of aspirine, paracetamol, ibuprofen and vitamine C. The combination of the three pain killing ingredients provides a synergetic effect. Vitamin C is added to give the pills a nice citrus flavour and as a marketing ingredient to make it look healthier. The pills comprise furthermore a commonly used filler.

Your company is buying the ingredients and these are all supposed to be known and free to use. The pills are produced in India and will be sold in Europe and the USA.

Please find any potential patent infringement risks.

INSTRUCTIONS (these are the same for each search case study)

Device a search strategy and explain each choice that you make etc. etc.

By starting this subject you can no longer select another subject. *
